

Dear Aflac Policyholder:

MVSD will continue to make deductions for existing policyholders. All AFLAC plans are grandfathered into your existing benefit package. Deductions will continue to be pre-tax/after-tax. You can keep all your Aflac coverage in place, and as it's always been with Aflac, there will be **NO RATE INCREASE!**

You will continue to have the same representative, Cynthia Luquin. She will be able to help with any questions regarding your policies. Any changes during open enrollment - September/October will need to be processed through Cynthia. Please contact Cynthia with any changes during open enrollment.

Items to remember:

- 1- Aflac pays claims in **4 to 5** days online at **Aflac.com** or download our app on your smartphone
- 2- Aflac is accountable: Aflac has been named to Ethisphere's list of **World's Most Ethical** Companies 14 years in a row
- 3- Keep Aflac at the same rate
- 4- We can help you compare plans no matter the carrier to ensure you are making the right choice.
- 5. Many of our plans have building benefits which increase your benefits on a yearly basis**

If you need any assistance in completing the form, need your policy numbers, filing a claim or policy information please feel free to contact your Aflac representative:

Cynthia Luquin
