<p>alumnos como a los padres y familiares cada día e amas progreso o El Apoyo brindado por sus dependencias y el Gobierno muchas Gracias sigamos adelante</p> <p>It seems perfect to me and all the support that is given to both students and parents and family members every day and we see the progress or the support provided by your departments and the government. Thank you and let's keep moving forward</p>	<p>Thank you for your comment and support.</p>
<p>Keep a shade play ground for all grades weather it rains or shines plant more tress or gardens</p>	<p>Thank you for your comment and support.</p>
<p>Please continue to provide and extend after school programs such as Think Together (thanking the community for these programs) as these help working parents with job requirements. My request is to also consider programs such as these to be held in the early morning hours (before 7:30am start) as these help working parents for the same reasons. Thanking the community in advance for offering the summer school sessions as I immediately enrolled my daughter in preparation for Kindergarten. I've also expressed gratitude for the community assisting to host the La Verne Family Literacy Conference as this was, so far, one of the best family events I've attended. My daughter, Sophia TK and I had a blast enjoying all the educational activities and important presentations hosted by the staff including engaging with the college students in these activities. Thank you for reviewing my feedback as this pertains to my daughter who currently attends LaPrimaria elementary school, which she loves to attend. My son (age 4), currently with Options for Learning at a private preschool, isn't yet qualified for TK due to age requirements. We have tried Head Start but had a terrible experience due to inadequate faculty behavior and immediately returned to his private preschool. Please feel free to contact me at yahaira.hernandezb@gmail.com for additional review. He will be excited to join TK when ready. Thank for the community emails as we are excited to join more activities and educational programs. In additional to my previous submitted from Yahaira Hernandez-Borrascas with my daughter Sophia currently in TK, I'm also hoping that the community can offer additional weekend courses for students in TK or Kindergarten. Thank you!</p>	<p>Thank you for your comment and support. We are sorry to hear about your preschool enrollment experience. We will follow up with this concern.</p>
<p>Superintendent's Parent Advisory Council Comments</p>	
<p>Recommend additional campus security</p>	<p>We plan to increase campus security at all sites to support supervision for enriched recreation before, during, and after school.</p>
<p>Recommend expansion of after-school sports</p>	<p>We plan to increase after-school sports using our own staff and through community partner organizations.</p>

<p>Recommend additional support for school uniforms for socioeconomically disadvantaged youth and some flexibility in what is considered appropriate wear.</p>	<p>We will continue to support school sites to have uniforms on hand. We can explore ideas next year as a council as to recommendations you may want to make for updates to our student uniform policy.</p>

<p>Recommend beginning academic interventions early in the school year, especially for 7th and 8th grade.</p>	<p>Thank you for your comments. We can explore opportunities for interventions earlier in the year.</p>
<p>Recommend the expansion of multilingualism programs.</p>	<p>We have two schools that offer dual immersion in Spanish and one school with Mandarin Enrichment classes and a Mandarin elective. Dual Immersion is an option when we have enough parents interested and requesting this program upon enrollment.</p> <p>We will continue to work with community partners to provide language enrichment programs for students after school.</p>
<p>Recommend training to support parents in navigating the student information system.</p>	<p>Thank you for this recommendation. We will explore the possibility of offering this type of training.</p>
